Federal Communications Commission  
445 12th Street, SW  
Washington, DC 20554

WC Docket No. 07-52

Dear Commissioners,

I am depending on you to protect the Internet! I am opposed to the notion that corporations be allowed to interfere with this valuable national resource by making some messages travel at faster speeds and certain sites more available than others based on how much they pay. We need the FCC to protect net neutrality so the open exchange of ideas and entrepreneurialism that has benefited us all will continue.

Sincerely,
